

PIECING IT ALL TOGETHER

HUBNET CONFERENCE AGENDA

2010 – KANSAS CITY

Dear HUBNET MEMBERS:

No matter if you are new to the business or a long timer, the market and the economy has been a learning experience for us all in the last two years.

What set us apart twenty years ago with technological advances have for the most part seen their hay day. We appear to all be sitting with many pieces of our business and asking what the business majors have been asking all along – “what is my return on investment (ROI)?”

I hope that you will join me in Kansas City as we grapple this very complex question on what does it mean to be a business man/woman along with being an attorney. For several decades now we have seemed to be the step child both to the worlds – it is time to “Put all the pieces together.”

Highlights to the conference will be:

- Optional pre-conference session on F2-F5 reports (the heart of management reports) \$250.00 per person
- Return to the first session giving the run down of new features and fixes
- An actual run down of the menu programs that are available
- Passing client audits
- Break out session on Interfaces – Ford, NAN/NCO, AACA, GE
- Cracker Barrel / Tips & Tricks / Info Bites
- Entertaining Guest Speaker on – “Why Attorneys are Sick?” - Something our staff has already known for years.
